Ref: Translator K209BS, Lafayette, LA *FILED 21080*
Giving Impermissible Interference to Station KSJY-FM, St Martinville,
LA

Dear Secretary Dortch:

The Commission's rules provide that a FM translator station will not be permitted to continue to operate if it causes any actual interference to the direct reception by the public of the off-the-air signals of any authorized broadcast station. 47 C.F.R. 74.1203(a). Translator K209BS, Lafayette, Louisiana, is causing actual interference to the public's reception of the KSJY-FM broadcast signal. That interference is documented by the listener complaints attached as Exhibit A and the engineering study attached as Exhibit B.

This problem is long-standing. Two years ago American Family Association, Inc. ("AFA"), licensee of KSJY-FM, notified Family Stations, Inc. ("Family"), licensee of K209BS, that the translator was causing interference. Family stated that they will not stop interfering until they move their translator to a different channel.

AFA requests that the Commission order that K209BS cease causing interference to KSJY-FM.

Sincerely yours,

Patrick J. Vaughn
General Counsel

Dear Station Manager,

Ever since you switched from 90.9 to 89.9, we have had trouble getting a clear signal despite being only 3 miles distance from your local station. Considering we contribute 1,000 per month in support and production for the local program "The Kitchen Table" we would appreciate you taking steps to correct this problem.

Thank you

To whom it may concern:

I am writing to voice my concern that 89.7 FM is interfering with the reception of 89.9 FM in the Lafayette/Carencro areas. I hope this problem will be resolved. Thank you for your assistance in this matter.

Sincerely,

To Whom It May Concern,

I live in between Breux Bridge and North Lafayette. When I am at home I try to listen to 89.9 KSJY as much as possible. There are times that I think that I am listening to 89.9, until I here an announcer state that it is 89.7 Family Radio. Is there any way that this can be fixed so that I can listen to 89.9 KSJY more? Thank you for your time.

Sincerely,

Hey KSJY,
I am having trouble receiving your station on my radio. I suppose there is weak signal strength? I keep getting what I think is 89.7 on 89.9. Is there anything you can do?

Thanks. Love your shows and music!

God bless,

Dear KSJY and AFR,

I live and travel through north Lafayette and have a hard time catching 89.9FM. I actually live only a couple of miles north of your station and can't catch you in my driveway. Most of the time it's static and I get another station, 89.7 Family Radio too. I wanted to let you know to see if there was anything that you can do so that we can hear American Family Radio better. I love KSJY and just want it to be heard clear for everyone!

Thanks for your time and please contact me if you have any questions.

Sincerely,
